E. Berner updated members on the VLCT workshop that was held 2 November in Montpelier. (J. Biasuzzi, Kevin Mullin, and E. Berner attended the all-day workshop.) A proposal to discuss portions of the Town Plan that concern other Town Committees (such as the Energy, DRB, Conservation, etc.) was discussed. The proposal being that perhaps each Committee would be interested in working on their piece of the Town Plan revision. (For example, the Energy Committee would review the State's stated goals for energy then write that piece in the Town Plan.)
