

Wallingford Recreation Minutes

February 6, 2018

Meeting called to order at 7:33pm

In Attendance: Trish Nash, Bastian Auer, Michelle Kenny, Susan Taggart, Eileen Tessier

Minutes of November meeting were accepted.

Review of the Draft Town Plan – A great deal of discussion regarding the Recreation Committee’s role in the Town Plan and a response developed.

The Recreation Committee supports town wide cultural events and organizations. We understand 43% of the people polled in the Town survey would be in favor of “new and expanded services in Parks and Recreation”. We would be in favor of exploring and researching viability to establish and maintain a bike path in collaboration with the Conservation Committee. We are currently in the early stages of Strategic Planning to include the hiring of a Recreational Director to meet the future needs of the Town of Wallingford.
