

Wallingford Recreation

Minutes of July 18, 2017

Present: Bastian Auer, Susan Taggart and Eileen Tessier

Guest: Art Peterson

Meeting began at 7:38pm

Art gave a presentation about Flag Football; he is anticipating about 40 kids from Wallingford and area towns will participate.

Elfin Lake – There has been beach erosion from the last rainstorm around the Lifeguard Tower. This is a safety issue for the Lifeguard and Bastian will take care of spreading more sand. We will take it out of the Maintenance Budget. We are not aware of the bee situation on the beach and will try to find out if there is still a problem this year. Bastian asked around and others did not feel the basketball hoop has been used lately.

Strategic Planning – We are in hopes that at a future meeting to include some planning for long term plans for the Recreation Group.

Next meeting is scheduled for Thursday, August 10th at 7:30.
