 - New path opened for trucks to deliver sure-pak, Small trees cut down, other large trees marked for further removal
 - Bees – we will harvest whatever honey can be salvaged at a later date – probably at Carol's house. We will need to sterilize equipment. We can strain it into paint strainers and 5 gallon buckets, both from home depot. We will have jars and some labels. Pat can make more if necessary.
 - The town will deliver sure-pak – will cost \$500-600 and another \$70 for a compactor. We hope to do this work the week of Oct 12-19. There will be 2 piles delivered, one for the parking area at Waldo lane, the 2nd large pile for the main and ADA trail. We will later use wheel barrels to move it.
 - John McClellan will spread the piles, but we need to move smaller amounts with wheel barrels.
 - Mowing needs to be done one more time, hopefully between the 19-26 by John.
6. Finances: sure-pak and compactor rental will come out of donations. John is doing the work for free, so we will give him a gift certificate to be used for his tractor.
