

Recreation Committee Minutes 8/10/20

Attendance: Michael Luzader, Tabitha Davis, Trisha Nash, Carol Macleod and Art Peterson

Meeting called to order 6:31

July 13, 2020 meeting minutes approved

Flag Football:

- Art Peterson proposed that the long standing flag football program continue this year, however it may need to look different. There was discussion about what it would look like, perhaps drills instead of games would be a better solution. Art will draft a plan and email it to us for approval and then move it to the Select Board.

Bike Trails:

- Carol from the CC came to discuss construction of new bike trails. There was full agreement to move the trail to the south of where they currently are, put signs up that indicate separate biking and walking trails. Carol needs to meet with the rest of the CC to look into this idea further.
- There was further discussion about the CC and the RC combining forces, but no consensus, perhaps we can come together in a meeting and vote. We feel that we still need further rational from the Select Board.

Basketball Court

- Basketball court is in a floodplain and the town doesn't want to put \$40,000 into a court that might flood. More research needs to be done.

Meeting Adjourned at 7:20
