

# **WALLINGFORD ENERGY COMMITTEE**

Agenda for the October 13, 2020 Meeting at 6:30.

The meeting will be in person upstairs at Town Hall

Welcoming a new member: David Castonguay

Review, discussion and approval of the August and September minutes

**Update on Town Hall Energy Improvements**

Scope of work recommendations to select board

**Interaction with Planning Commission on Building Standards**

Exactly how does this process now work for residential and commercial projects

This is an important process

**Battery Storage**

Interaction with GMP: Josh Castonguay

PSB role

Multiple programs with multiple requirements

Importance of storage to reduce spot market expense

Effect of local storage on distribution system and solar field siting

**Establish a regular meeting time**

There is no longer a need to coordinate our meeting with the select board meeting

A need for a regular date and time for planning

Some members prefer Tuesday, Wednesday or Thursday

**New business/Pressing Issues**
