

## WEC FEB 8 Meeting Minutes

Approved

Present: Doug B., David C., Katherine M., Rob S., Ken w., Jay W., John A., Ralph N.

January minutes approved

Discussion on outreach to the Town on the Energy Plan:

Discussed proper framing and talking points of the energy plan to present to the town and foster public buy-in. Transportation is a very big issue and a major chunk of total energy use. Electric vehicles and their charging infrastructure should be encouraged. The plan gives the town local control over siting of solar installations.

David will check out the appropriate chronology and steps that the WEC needs to follow towards holding public hearings and adoption of the plan with the WPC, selectboard and citizenry.
