

STATE OF VERMONT  
PUBLIC UTILITY COMMISSION

Case No. 21-3484-NMP

---

Petition of Hartsboro Solar, LLC for a certificate of public good, pursuant to 30 V.S.A. §§ 248 and 8010, authorizing the installation and operation of a 500 kW group net-metered solar electric generation system in Wallingford, Vermont	
---	--

---

Order entered:03/15/2022

**AMENDMENT TO CERTIFICATE OF PUBLIC GOOD (“CPG”) ISSUED  
PURSUANT TO 30 V.S.A. SECTIONS 8010 & 248**

IT IS HEREBY CERTIFIED that the Vermont Public Utility Commission (“Commission”) this day found and adjudged that an amendment to 21-3484-NMP issued on February 25, 2022, authorizing the site preparation, construction, operation, and maintenance of a 500 kW solar group net-metered electric generating system by (“CPG Holder”) in Wallingford, Vermont (the “Project”), in accordance with the evidence and plans submitted in this proceeding, will promote the general good of the State. The CPG as amended reflects the minor amendment of the Project proposed by the CPG Holder on November 12, 2021. 21-3484-NMP is therefore amended as follows: two conditions in the original CPG related to rare, threatened, and endangered species, at paragraphs 17 and 18, are replaced by a single condition stated at paragraph 3, below. The CPG approved on February 25, 2022, is no longer conditioned by its paragraphs 17 and 18.

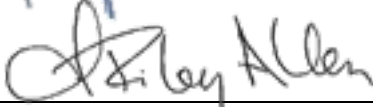

1. Pursuant to Commission Rule 5.110(C), if the approved changes to the net-metering system are not commissioned within one year of the date of this CPG, this CPG shall be revoked unless otherwise ordered by the Commission.

2. As required by 30 V.S.A. § 248(a)(7), within 45 days of the date of this CPG, the CPG Holder shall record a notice of the CPG on the form available at <http://puc.vermont.gov/document/cpg-municipal-notice-form> in the land records of each municipality in which a facility subject to the CPG is located. The CPG Holder shall file proof of this recording with the Commission.

3. The CPG Holder shall clean construction equipment to remove visible soil and plant material prior to entering the Project area.

The terms and conditions of 21-3484-NMP issued on February 25, 2022, shall remain in effect, except as modified herein.

Dated at Montpelier, Vermont, this 15th day of March, 2022.
