**Road Commissioner's Report.** Road Commissioner Phil Baker said the road crew would start brush cutting this week and conduct a road inventory of all dirt roads. K. Mr. Baker recommended the road crew flag the trees so Tree Warden Rob Barker could conduct an inspection. Board members agreed.

There was a discussion regarding the purchase of a trailer to transport the excavator. Mr. Baker said a new trailer would cost about \$25,000. He noted he had a used 20,000 lb., 10-ton trailer for sale at a price of \$5,000. K. Luzader made a motion that was seconded by J. Jankus to spend up to \$6,000 from the Equipment Fund to purchase and register a used trailer from Mr. Baker to be used to transport the excavator. Motion carried (5-0).

B. Duchesne noted no funds had been set aside in the draft FY'24 budget for a Highway Department sand shed or repairs to the Creek Road Bridge. Town Administrator Sandi Switzer said the VTrans Municipal Highway and Stormwater Mitigation Grant application for sand sheds would be available in September with a 20 percent local match if approved. After some discussion, the Board agreed funds from the Revenue Augmentation Trust to be released in December 2023 could be used for the sand shed local match along with

Behrendt to add a new line item – Nelson Tift Scholarship – to Appropriations and set it at \$100. C. Motion carried (5-0).

Behrendt to accept the VTrans Bicycle and Pedestrian Safety Grant for School Street sidewalk rehabilitation (\$435,000 federal grant with a \$108,750 local match) and authorize the Board chair to sign the agreement. Motion carried (5-0).

**Selectboard Concerns.** J. Jankus provided an overview of a meeting with Mark Chila, the town administrator and himself in order to obtain an estimate for an ARPA grant application to provide cybersecurity at Town Hall. There was a discussion about Mr. Chila's request to download software onto municipal computers in order to gain information needed to provide the estimate. M. Tessier said he was concerned about the installation of software on computers by someone without a contract or covered by liability insurance. Board members agreed. C. Behrendt indicated Mr. Chila could utilize average usage of offices with six computers in calculating an estimate to be used for grant application purposes only.

**Other Business.** Board members discussed language for a special Town Meeting article related to Wallingford Day. By consensus, they agreed on:

*ARTICLE VIII. Wallingford Day has historically been a financially independent and separate activity from Town government. The current group seeks planning and financial support thru the Town Recreation Committee. Therefore, the Selectboard has included funds in the currently proposed budget. Do you favor use of taxpayer support and town management (Yes) or Wallingford Day remaining separate from Town government and financing? (No) This article is for the Selectboard to gather a sense of how townspeople feel concerning the Town Recreation Committee taking on Wallingford Day.*

B. Duchesne noted the Town of Wallingford was one of 164 municipalities to receive letters from the state requiring reappraisal. He said the Board had already taken the necessary steps by issuing a Request for Proposal for a Townwide Reappraisal prior to the state mandate.

K. Luzader made a motion that was seconded by C. Behrendt to adjourn at 8:16 p.m.
