

Wallingford Energy Committee

April 4, 2023 Minutes

Approved

Attendees : David C., Katherine M., Jay W., Doug B., Ken W., Jon A., Rob S.,

February Minutes approved

Mission Statement : WEC was invited by the Selectboard to review our mission statement. Thus the committee reviewed the statement and collectively felt quite comfortable with the mission as written. David will inquire of The Board if they have anything specific they would prefer to change in the statement.

ARPA, MERP and Mini-grants:

Lengthy and lively discussion on these various grant opportunities dominated the remainder of the meeting. Much discussion on the process, various application procedures and appropriateness of specific grants for specific, potential town projects (town hall, town garage, etc.) ensued. Given the numerous grant opportunities, their timelines and potentially overlapping funding, some members were uncertain of the correct path forward to secure these various grant opportunities.

David and Ken agreed to meet with the Selectboard, review the actions of the committee thus far in this regard, and ask for direction and guidance on how they would prefer to see us proceed.
