Signage and social media: Jane and her assistant, Angela, will design posters for around town, to be strategically placed a couple weeks before The Big Day.

Maria will check with Jen Galusha about getting them out there, as is tradition for these two :)

Barb and Naomi have volunteered to help, and Clare has expressed interest in participating in signage.

Maria and Jane are working on social media posts, and a media blitz will begin tomorrow.

Barbara reports the Newsletter deadline is June 23rd. Maria will take this on, and will send info to Julie tomorrow, well before the due date, and before the newsletter fills up!

Michael has arranged for a whole new book path, which can be a highlighted event for WD.

The Bike Parade: the theme is Patriotic American Red White & Blue 4th of July. The route will start at the library, proceed to the Rec Field. Naomi is all over this.

Rain date is scheduled for August 3rd

Michael will contact True Temper for overflow parking

Maria will contact Hubbards for a porta potty.

Maria will contact Sweet Birch for donuts on strings activity, and organize it by height of participants. This is totally unrelated to the Porta Potty and was unfortunately discussed immediately thereafter.

Wallingford Rotary is on for hot dots and ice cream, serving it up 11am-2pm.

The Scavenger Hunt is ON, from 11-2 at the library.

The Mint and Line Dancing have been cancelled for this year.

Fireworks were approved.

Heather posted on FPF for face painting and antique cars.
