

Wallingford Elfin Lake - Facilities Planning

November 18, 2024 5:30 PM

Town Hall

Present: Denise, Shannon, Ralph & Caroline

Call meeting to order: Shannon called the meeting to order at 5:30

Public Present: None

Approve agenda: Agenda approved by consensus

Approve Minutes: The group approved the September and October minutes by consensus.

Public comment: none

Erosion control project

- Grant update – grant was funded. Next step will be to put out an RFP. We would like to remain engaged and will discuss the next steps with the Selectboard.

Building Planning:

LWCF – The group reviewed the draft grant Shannon emailed. The pre-application is due 12/13. We will be meeting with the Selectboard on 12/2 to get their approval. Ralph suggested referring to the design as a sketch, which we got copies of.

There is a 50% match and we don't think we can use the erosion control implementation because it will be completed prior to the building. We may be able to include the design work from the erosion control. Shannon tried to link the two projects so at least the design work can be used as match.

We have contacted the code people to ask about the bathroom details. We need to get more instructions on what is required.

- Adjourn at 7:30 PM
