Agenda approved by consensus

Minutes from November - approved by consensus

Public comment – none

Erosion control project update – The erosion control project at Elfin was fully funded, and an agreement has been signed for the grant by the town. A meeting is scheduled with WUV for this Thursday. Shannon and Denise will try to attend.

Land and Water Conservation Fund – Our pre-application was accepted, and we can submit a full proposal on March 15, 2025.

We need an estimate for the renovation work for the grant. We brainstormed options for the estimate and would prefer to use a local company.

- Dale Lincoln & Woodline – Shannon will reach out
- Brent Seward – Caroline will reach out
- Put it on FPF and see if anyone has ideas?
- Stafford Technical Center – they have a technical construction class that may be able to help and use this as a part of their class. Denise will reach out
