Softball	NA	Softball – Practicing at MRU. Games at 6 PM May 13 th & 27 th

All minors and majors will be on the north field and when a game is scheduled other teams will work around it and practice on another field.

The Rec Committee would like to stay involved in the scheduling of the fields since there has been some scheduling conflicts between meetings. The process needs to be fair to all groups who want to use the fields. No one gets priority use of the fields.

Elementary softball – Softball will be practicing at MRU. McKenzie has a rough draft of the schedule with 2 dates where they have games scheduled in Wallingford.

MRU working on insurance. RCLL working on insurance as well.

The group discussed creating a mound on the south field so it could be used by minors and majors.

Brian - Wants to make sure that everyone who plays baseball can use our fields, they are not for one group or the other.

Carolyn, one of the Selectboard members, came to the meeting. She mentioned that when RCLL wanted to take over baseball they came to them and asked for permission. MRU has never done that and should if they want to use the Wallingford fields.

It was noted that tonight was the first time MRU had attended one of our meetings to discuss the use of our fields.

Outdoor Movie

Will plan to have 2 – in May or June

Movie's:

- 1) The Sand Lot, baseball game beforehand
- 2) Space Jam – old space jam w/ Michael Jordon

Rec Remaining funds

Shannon has compiled a wish list over time. The group reviewed the wish list and decided to request the following be purchased by the SB: 2 SUP's, outdoor storage rack, 2 soccer nets for behind goals and an outdoor ping pong table. We would also like smaller items like pinnies, new handicapped and camera signs that we don't need to ask for approval because they are below the threshold.

Sandra brought up the signs at the park wondering what signs needed to remain. Which if the signs are necessary and can they be consolidated? We will ask the Selectboard.
