 - Nathan Harvey spoke of keeping the current property in farmland. That in order to secure a Commercial Loan, the Lending Institution requires an approved permit for the Harvey's Dog Training business.
 - B. Dobbins asked if the Harveys planned to train Horses as well as dogs on the property. N. Harvey replied yes.
 - D. Ballou explained the history of the previous permit and the "Conditional Use" because of the property being located in the Forest and Recreation Zoning District.
 - M. Roberts was sworn in by the Chair and confirmed that the property always had animals. He pointed out that his mother ran a Doberman Rescue League. No more buildings can be built on the property, but the existing pastures can be used.

- B. Dobbins asked how many horse stalls there were in the barn. M. Roberts replied 18.
 - J. Burkett asked about potential expansion to the business. N. Harvey replied that the Rutland facility would expand but not the Sugar Hill.
 - B. Dobbins reiterated that the DRB could issue a conditional permit based on the sale of the property since the lending institution is requiring an approved permit.
 - B. Dobbins asked if there were any more questions.
 - J. Burkett: I noticed in your application information you would be working intensively with up to 5 to 8 dogs that stay with you for up to a month and a half. Seeing how there is so much room there, do you see yourself expanding? N. Harvey then said they had a facility in Rutland that was expanding at this time.
