

Angela Hinchey Memorial Art Scholarship Application

For High School Students interested in the Arts:

Angela Hinchey was an artist, an art teacher who taught for 30 years in the Rutland City schools, and a personal friend. She passed away tragically from cancer this summer, and her friends want to do something special in her memory. Towards this effort we are offering several one-time scholarships of \$500 to students interested in pursuing the arts. We know this would please her.
